

*Dear Metaphorum Colleagues.*

*29/09/2019*

*Here is an update on the November 4 Bonus offered by Joe/Chris and I.*

*Joe will pilot our journey through emerging 21st century laws of 3rd order science, diving into physics, mathematics, biology, neuro-science and beyond. He will show how the structures we build in the workshop illuminate the dynamics of the Universe of which we all are System 1 explorers*

*This workshop began in 1990 with Stafford's recall of Bucky Fuller's maxim that "all systems are polyhedra ". This pointed him toward the icosahedron as the requisite design framework for Team Syntegrity. He and Joe worked intensely with the implications of the polyhedral mindsets for Recursive Form integration and synergy.*

*Joe is 30 years further down this road, with the last 10-15 focussing on mapping forms and processes that bring order and change in to the smallest and greatest thought zones.*

*These structures offer us a Requisite Universal Form language .*

*Seeing, building, standing in these shapes upgrades our brain's capacity to organize and store information.*

*The capacity-building offer in the day is tuning up your spatial intelligence and mental imagery.*

*Sign in. We desire 4 more for our budget :)*

*'humbly'*

*David Beatty,*

**Embodying the Cosmic Code.**

**A Play in 4 acts**

**A participative performance in Spatial Intelligence & Mental Imaging**

**November . 4. 10:00 -18:00**

**ANNA, Seats2Meet, Utrecht Centraal. Veemarktplein 41**

**(1/2 hour train-ride from Metaphorum location; ½ back to Schiphol. )**

**The presenters are Joe Truss and Chris Cullen of Team Syntegrity Int'l AG / Malik IP and David Beatty.**

Joe was a co-founder of the company Team Syntegrity Inc. with Stafford Beer the inventor of Syntegration. He contributed to Stafford's book "Beyond Dispute - the Invention of Team Syntegrity" and developed the other Syntegration forms which allowed for protocols for smaller numbers of people. As President and Board Director from the formation of the company in 1991, he took over the Chairmanship from Stafford in 1996. He continues in the role originally held by Stafford of Chair of the Development Directorate under Fredmund Malik's Chairmanship.

**Christine Truss (formerly Cullen)** was involved with Joe and Stafford from the early 1990s until Stafford's death in 2002 and since then with Malik Management (MZSG). Chris was key to developing the logistics systems in the early days of Syntegration events. She helped to develop the roles of organizer, facilitator and logistician. Chris serves as Director for Team Syntegrity Int'l/ AG.

Joe Truss & Chris Cullen will present & facilitate the Cosmic Code Model Building. David will lead exploration & uses of the Vector Equilibrium.

*"The V.E. is the zero-starting point for happenings or non-happenings; it is the empty theatre and empty circus and empty Universe, ready to accommodate any act and any audience. " Buckminster Fuller.*

I was introduced to the Genesa Crystal (a VE) in 1999 by Tina Langahm.. When I attended Joe/Cris' workshop in Haliburton, I saw how the VE is integrated in these amazing structures.

Here is an example of one we will be building together.

There are room for 15 participants. Some are joining from Metaphorum 2019, held in Huizen. <http://metaphorum.org/metaphorum-2019>  
The spaces are filling up.

Costs: approximately 1000 euros, divided by number of participants. Estimate: 70 euros each (lunch & dinner not included.)

Thanks .

Looking forward to re-connecting with the '*later in-the Beer*' tribe, and meeting the 21st century incoming crew.
